Well done officers. Your hard work and determination has given us an amazing head-start. So far:

We look forward to reading the article written by our very own Ariel Erwin, in this Sundays Standard Times. People will read that morning that this is the club for a brighter future.

Putting in valuable time for us, our Secretary, Adrienna Bingham, has proven very quickly that she has what it takes to make this club succeed.

Job well done to our Lt. Gov., Thomas Blackwood on his latest newsletter. Your passion to see this club go far will show you hard work does pay off in the end.
